The Cambridge Family Chronicle Bible has been designed and produced as a Bible to enjoy for generations. It combines the best typographic design with the highest standards of printing and bookbinding.

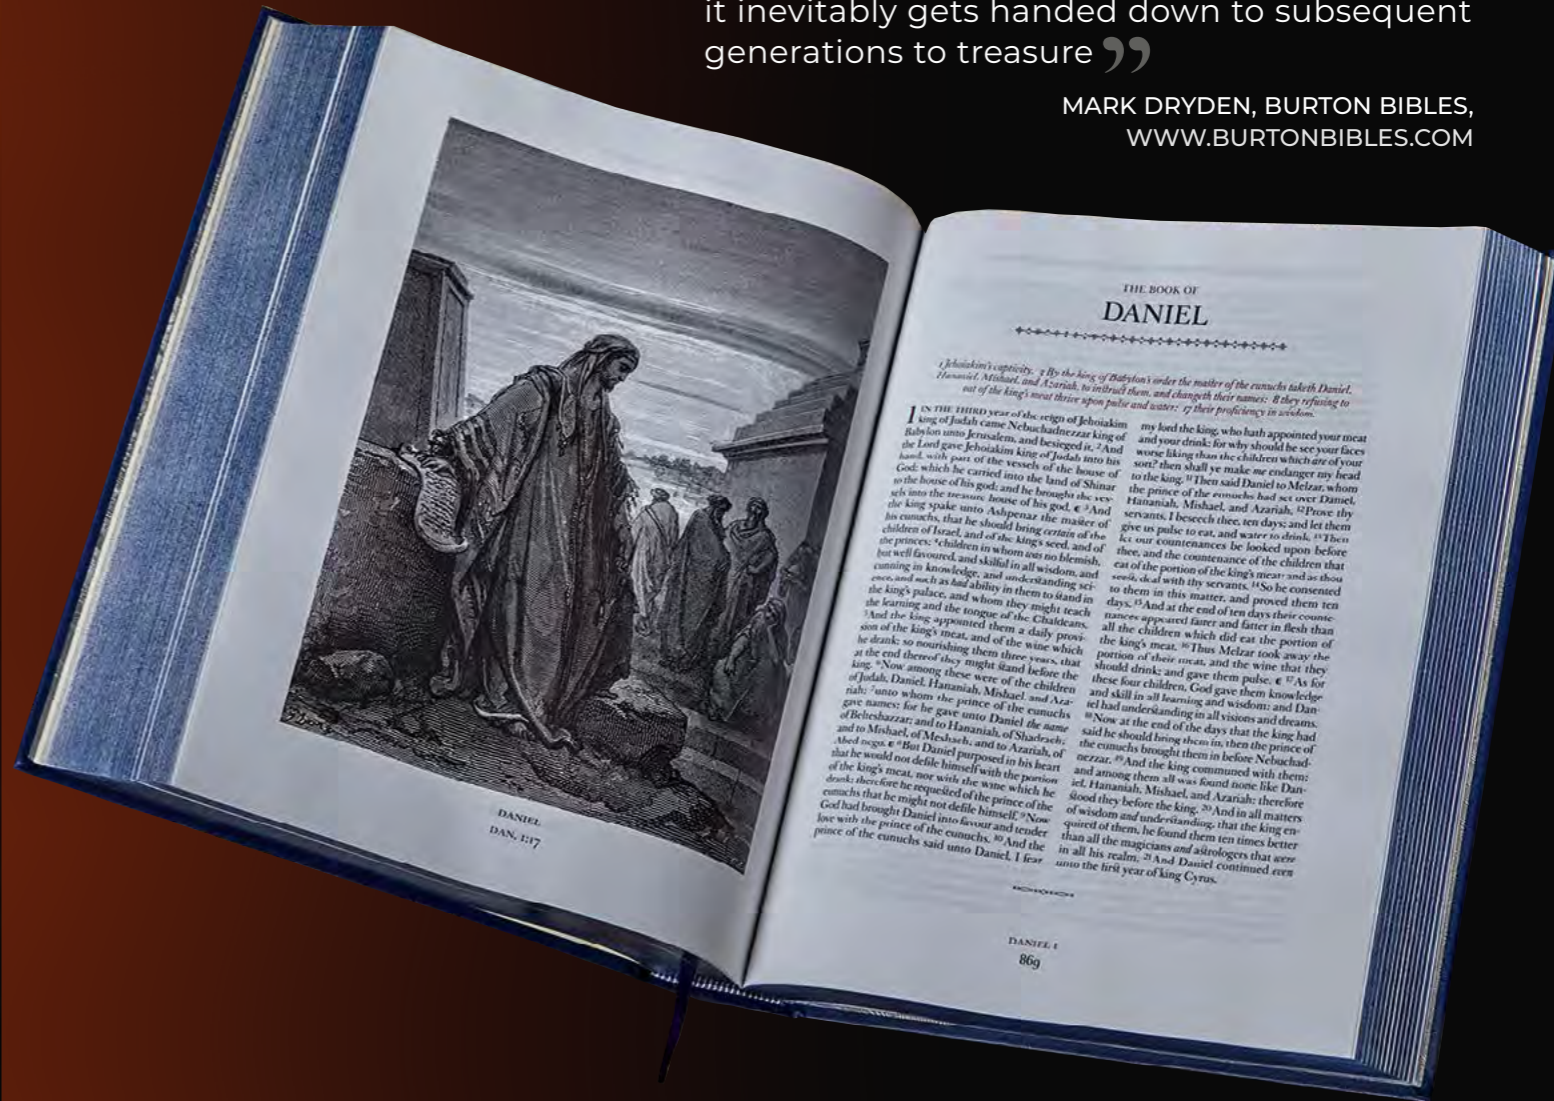

The majestic text of the King James Bible is presented in a typesetting inspired by the legendary Baskerville Bible of 1763, and the words of Scripture are brought to life with over 200 engravings by Gustave Doré.

Drawing on the glories of the past, but also looking to the future, this Bible incorporates a unique 14-page Family Chronicle section, allowing owners to tell their family story to future generations just as their ancestors did in days gone by.

The Bible is printed on paper chosen for its strength and durability, and is bound in a choice of cloth and superior leathers. These large volumes are bound by hand, making them exceptionally strong and resilient. The leather Bibles pay tribute to traditional bookbinding style, with ornate tooling on the covers and raised spine hubs. The cloth Bible has a contemporary look, with dramatic metallic foil blocking.

“The Family Chronicle Bible has real WOW factor! My jaw dropped when I first saw it and it continues to amaze me each time I open it. The combination of luxurious quality and timeless elegance will stand this edition in good stead as it inevitably gets handed down to subsequent generations to treasure”

DIADEM

THE UNFADING CROWN

First published in the English Standard Version, the Diadem is an enlargement of the classic Pitt Minion Edition, widely admired for its fine combination of readable text and efficient use of space. The beautiful Lexicon font retains the elegance of traditional Bible lettering, while offering the clarity of reading provided by modern fonts. The text is arranged in paragraph format and supported by centre-column cross-references, an extensive concordance, and 15 colour maps. The edition includes one edition with, and one without, the Apocrypha.

“Enter the Diadem! It passed the pulpit test with flying colours! The text size is just perfect for me to refer to texts in teaching, and to have on the lectern beside notes and any other necessary lectern companions!”

CLARION

The Cambridge Clarion takes its name from the medieval war trumpet, renowned for its clear and compelling call to arms. The word Clarion derives from the Latin *clarus*, meaning clear.

Every feature has been carefully designed to create a reading experience of exceptional clarity. Unlike standard Bible formats, the text is not divided into columns but runs right across the page, with cross-references in the outer margin. Rather than starting every verse on a new line, the Clarion sets the text in paragraph format to enhance readability.

The text employs a modern digital font which is clear and easy to read. This, combined with generous line spacing, delivers excellent legibility.

The size of print and lightweight paper mean this Bible is compact and easy to carry.

Using the highest quality materials, these Bibles are printed on India-style paper, and are fully sewn, making them not only beautifully flexible, but also resilient. They are offered in a range of superior binding styles.

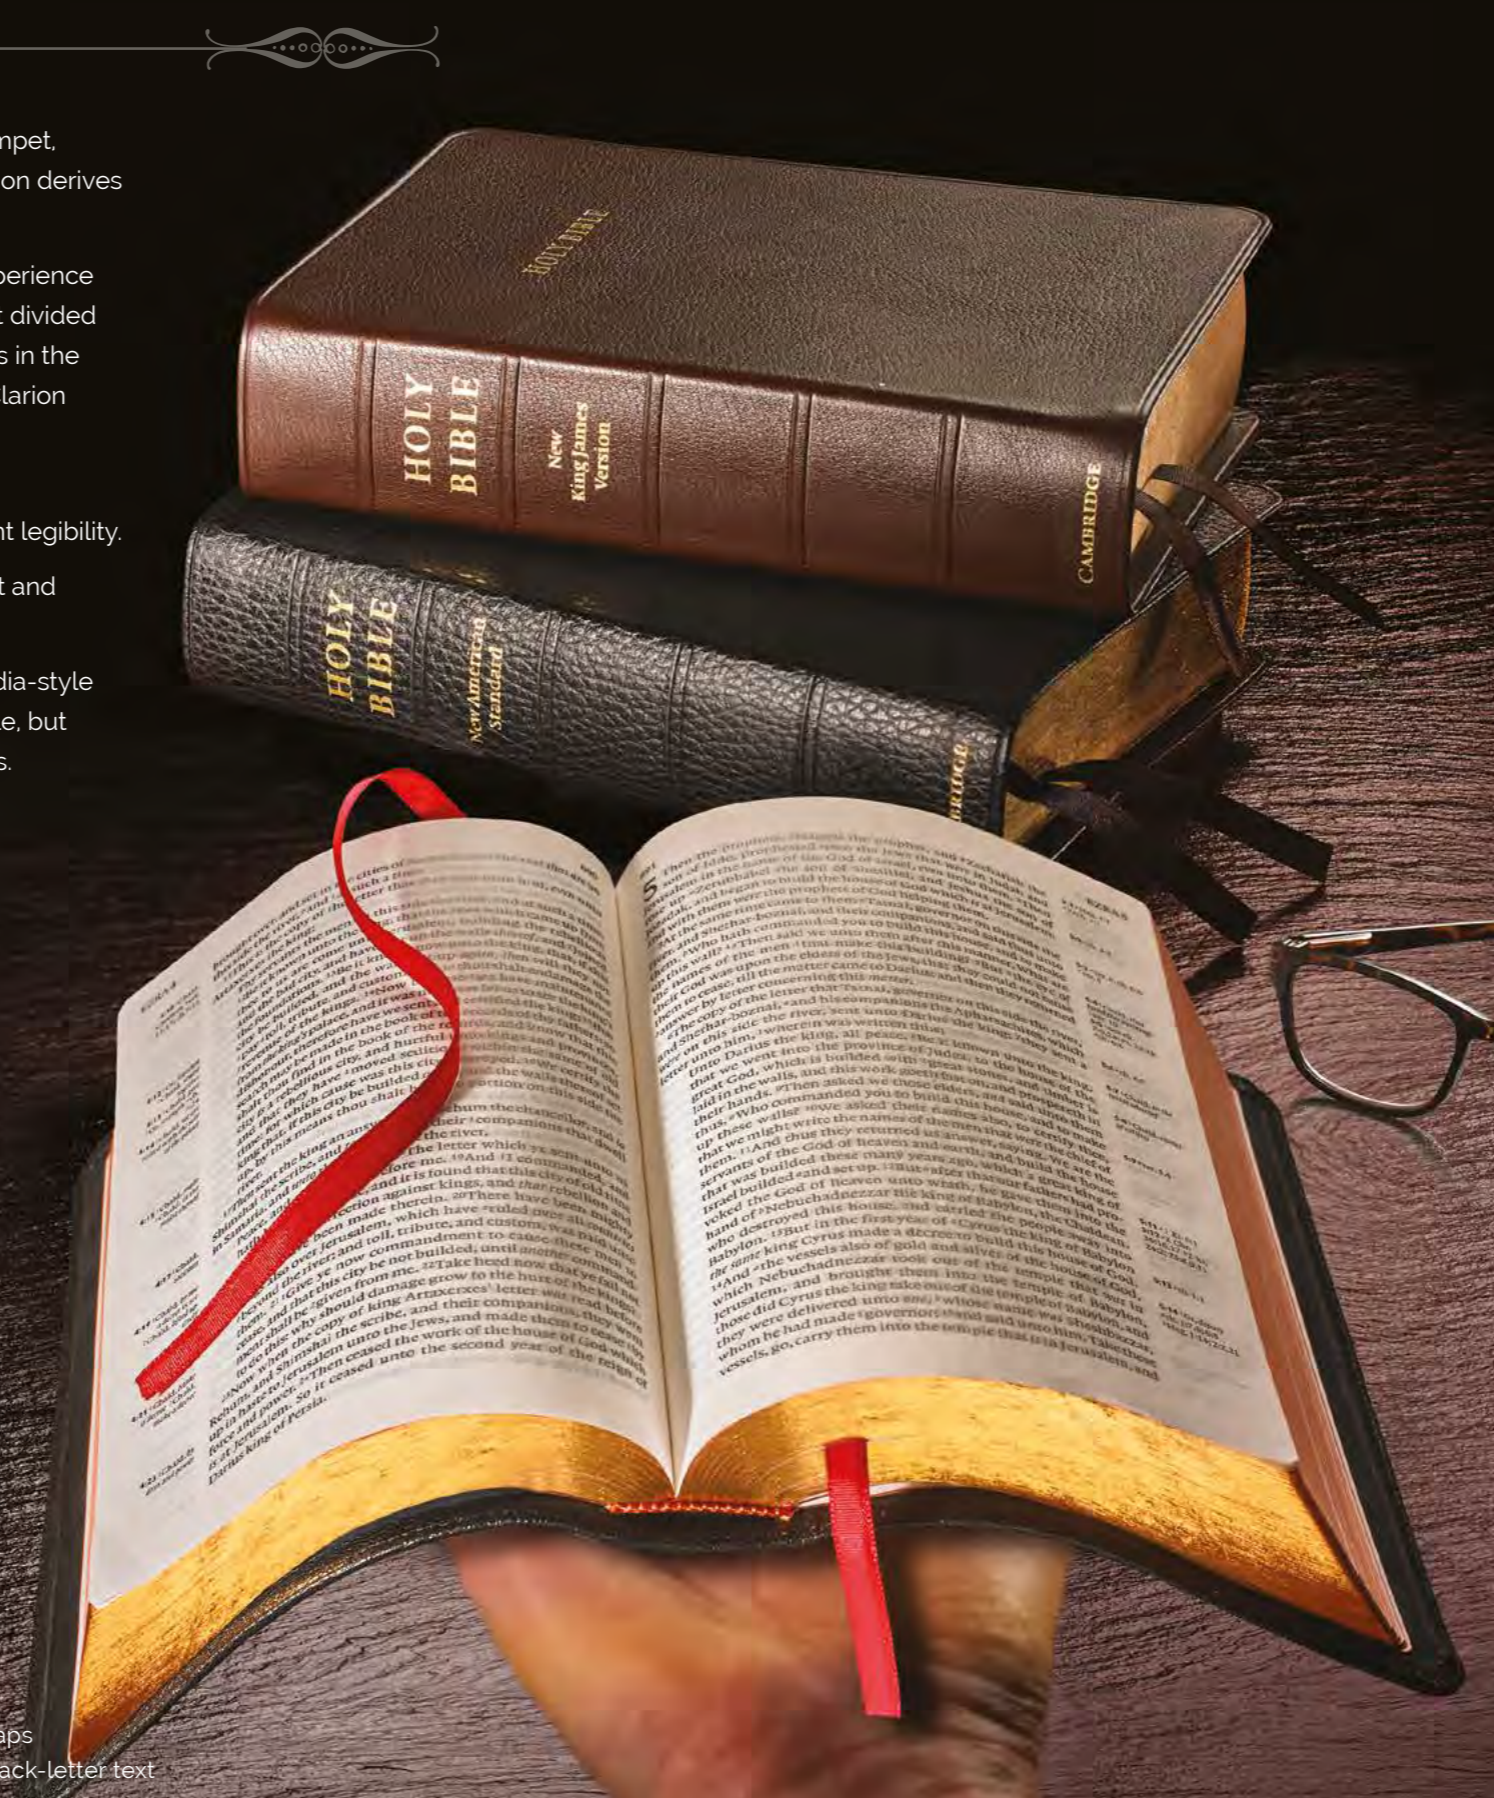

“A classically-proportioned single-column text setting with elegant, timeless typography in a hand-sized form factor, beautifully printed and bound.”

PITT MINION

Cambridge's original Pitt Minion Bible was published in the 1930s. It pioneered the use of Times Semi-Bold 421, a typeface designed by Stanley Morison, typographical consultant to Cambridge University Press and to *The Times* newspaper. He understood the need for Bibles to be printed in type that was legible, yet not so large as to make the finished book unwieldy.

Achieving this balance is just as important today: our contemporary Pitt Minion Bibles take their inspiration from the original edition and are greatly admired for being compact and portable, yet still easy to read. They use a digital font, Lexicon, that is efficient at fitting a lot of words into a limited space, yet also exhibits many of the qualities of traditional Bible typefaces. In this way, the Pitt Minion cleverly combines practicality with fine design and elegant form. Slim though it is, it provides a range of study tools.

The distinctive Pitt Minion design takes its name from the Pitt Building, built to house the Press and named after British Prime Minister and Member of Parliament for Cambridge University, William Pitt the Younger (1759-1806). *Minion* is a traditional term for a type size of approximately 7 point, giving text of about 10-11 lines to the inch.

AQUILA

WIDE-MARGIN

Named after the high and mighty eagle, the Aquila Wide-Margin Edition has extra-wide margins so owners can record their insights and understanding next to the Bible verses. There is a section of ruled paper at the back for more detailed notes.

The paper is heavier than standard Bible paper and is designed for writing on.

The Aquila family of wide-margin Bibles comes in a range of contemporary Bible translations. The layout is an enlargement of the one used in the Cambridge Pitt Minion Edition so the wide-margin Bibles have the same layout and pagination but slightly larger text and they have the bonus of an expanded concordance to support advanced bible study.

ESV-CE CORNERSTONE

The Cornerstone Bible uses the text of the ESV Catholic Edition, produced by a team of over 80 leading scholars. It includes all 73 books of the Bible accepted by the Roman Catholic Church, in Septuagint order.

The text is printed in a generous size and presented in paragraph format with explanatory notes. It uses British spelling and punctuation.

There is a choice of three quality binding styles: black or burgundy faux leather, and black cowhide leather — finished with gilt edges for a traditional look. The Bibles include a presentation page, family record section and maps.

“This Bible could be a church companion for any Catholics — and not just Catholics — but everyone who sees the value of reading the Deuterocanonical Books.”

KJV CONCORD

The KJV Concord Reference Edition is highly regarded for its accuracy and clarity. It has consistently remained a popular and well loved setting since then due to its classic and bold typography and helpful cross-reference system. Timeless and universal, it is one of our longest continually produced Bibles, giving newer generations the chance to own this renowned edition.

This is a facsimile of the earlier Concord Bibles that date from the 1950s. Just like them, this edition uses the Times Semi-bold typeface, specially developed by the typographer Stanley Morison. This text is exceptionally clear and easy to read, with generous line spacing and the Concord also features pronunciation marks for names and places.

“A personal favorite. With its superb combination of size and legibility, the Concord is an excellent choice for anyone seeking a classic reference King James Bible.”

mercifully with me.

brought me home again empty:
then call ye me Naomi, seeing
the LORD hath testified against me,
the Almighty hath afflicted me:
22 So Naomi returned, and the
Moabitess, her daughter in law,
with her, which returned out of
the country of Moab: and they
came to Beth-lehem in the be-

KJV CAMEO

The Cameo typesetting was originally produced in the 1920s for letterpress printing. It is a Bible that has withstood the test of time and remains our most popular edition to this day. The beauty of the Cameo is its solution to the age-old dilemma of providing readable type in a book of manageable size.

This edition is a facsimile of the classic Cameo typesetting using the original Petit Medieval Clarendon type. Like the early King James Bibles, it is available with the Apocrypha – seldom found in modern editions.

“A triumph of form and function!”

KJV TURQUOISE

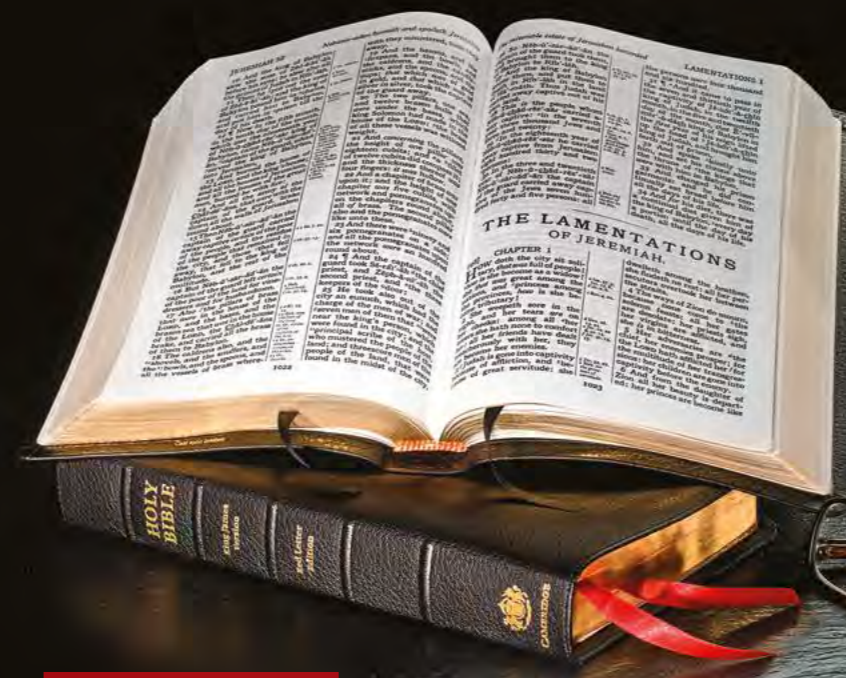

Originally created in the 1920s, the Turquoise Reference Bible is as a superb and well loved example of classic Cambridge typographic design.

The text is presented in a large, bold, traditional typeface making this Bible exceptionally easy to read. The Bible includes the Translators' Preface – their compelling account of the principles underlying the publication of the KJV in 1611.

The large format, superior materials and manufacturing excellence make this a perfect choice as a desk or presentation Bible for those in Christian ministry.

“The large, dark typeface combined with the Indopaque paper is perfect for reading in public, making the Turquoise an excellent preacher's Bible ... I highly recommend.”

KJV EMERALD

The Emerald Text Edition is an enlargement of the Royal Brevier – originally created in the mid-twentieth century by Eyre & Spottiswoode, the King's Printer at that time. Its classic simplicity provides the unadorned text of the KJV in a highly accessible form – light enough to carry, but still easy to read. The Emerald Edition would sit well on any bookshelf or pew.

FEATURES INCLUDE:

Verse-by-verse format | Bible word list
2-year reading plan

FIRST BOOK
GEN
CHAPTER 1
In the beginning God created the earth and the heavens. The earth was without form, and darkness was upon the face of the deep. And the Spirit of God was hovering over the waters.

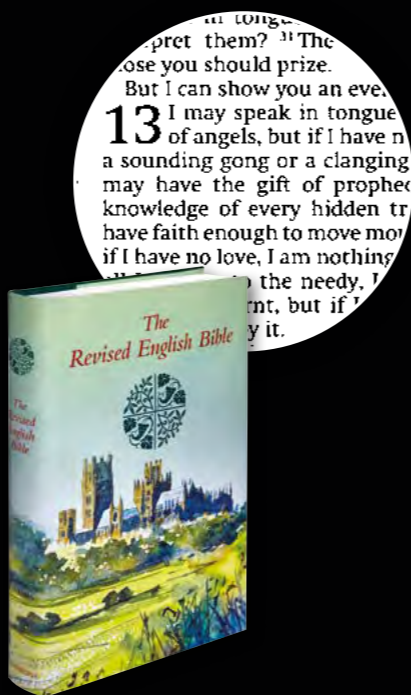

REB STANDARD

A practical text edition of this modern English translation. The REB is a complete and thorough revision of the New English Bible before it, building on the strengths of the NEB to produce a rendering accessible to everyone. It avoids technical, over-literary, and traditionally 'religious' expressions and uses inclusive language where both genders were implied in the original texts. The result is an elegant, faithful and fluent translation.

FEATURES INCLUDE:

Paragraph format | Footnotes | Black-letter text

13 I may speak in tongue of angels, but if I have not love, I am only a sounding gong or a clanging cymbal. I may have the gift of prophecy, and may understand all mysteries and all knowledge, but if I have not love, I am nothing. I may give all I have to the needy, but if I have not love, I gain nothing. Love is patient, love is kind. Love does not envy, it does not boast, it is not proud. Love does not behave rudely, it does not become angry, it does not keep a record of wrongs. Love does not rejoice in truth being told, but it rejoices in the truth. Love bears all things, believes all things, hopes all things, endures all things.

NRSVue POPULAR

The NRSV Updated Edition is informed by the advances in linguistic and biblical studies since the publication of the New Revised Standard Version in 1989. It incorporates the latest discoveries from the Dead Sea Scrolls.

The Popular Edition comes in hardback and leather, with and without the Apocrypha. It uses the NRSVue British Text, created by a team of publishers based in the United Kingdom.

The text is clear and easy to read, arranged in two columns with running heads and footnotes. There are bold section headings and chapter numbers to break up the text and make it easy to find the Bible passage. The hardbacks are ideal for use in churches and schools and the leather bindings make splendid presentation Bibles.

LECTERN BIBLES

The Cambridge NRSV and REB Lectern Bibles are enlargements of their text edition equivalents. As a result, the layouts and page numbers are an exact match, making them natural partners for use in church.

The clear, bold print and generous page design are of great benefit for public reading. The materials have also been carefully selected for this purpose. The paper is lightly toned for readability and thick enough for the pages to turn easily. Each edition has three ribbons to mark the pages for different Bible readings.

Every Lectern Bible from Cambridge is handmade through an exhaustive process, with a binding that is reinforced for durability. All Lectern Bibles are available with and without the Apocrypha, and all use British spelling and punctuation.

temptation of Jesus
 4 Then Jesus was led up by the Spirit into the wilderness to be tempted by the devil. For forty days and forty nights, and after he had fasted, he became hungry. 2The tempter came and said to him, "If you are the Son of God, command these stones to become bread." 3But he answered, "It is written, 'One does not live by bread alone, but by every word that comes from the mouth of God.'" 5 Then the devil took him to the pinnacle of the temple and said to him, "If you are the Son of God, throw yourself down from here, for it is written, 'I will command my angels concerning you, and they will lift you up in their hands, so that you will not strike your foot against a stone.'"

APOCRYPHA

Apocrypha means 'hidden things'. Written in the period between the Old and New Testaments, these books were not accepted as part of the Bible when the Hebrew canon was set, but are read by Jews and Christians for edification and enlightenment.

The Apocrypha were included in the King James Bible of 1611 and in early Bibles after the Reformation. Martin Luther described them as 'books which are not regarded as equal to the Holy Scriptures, and yet are profitable and good to read'.

Today, the Apocrypha are studied by many as aids and additions to Scripture. Cambridge publishes a range of stand-alone text editions in different versions for people wishing to dig more deeply into these ancient texts.

KJV APOCRYPHA

This popular and frequently reprinted edition presents the books of the Apocrypha that were included in the KJV of 1611.

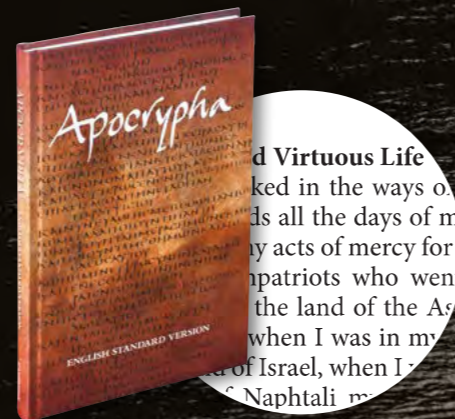

FEATURES INCLUDE:

Verse-by-verse format | Book-wove paper

ESV APOCRYPHA

This edition of the ESV Apocrypha includes the same books as the Revised Standard Version Apocrypha: Tobit, 1-4 Maccabees, Wisdom of Solomon, Sirach, Judith, Baruch and Psalm 151, along with the additions to Esther and Daniel. This attractive text edition will be valuable for exploring these texts and enriching understanding of the history and thought of the Jewish people during the centuries leading up to the birth of Christ.

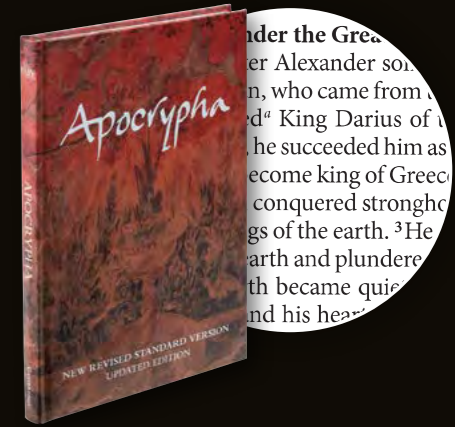

NRSV-UE APOCRYPHA

This edition of the Apocrypha uses the NRSV Updated Edition and has all the Deuterocanonical Books from the traditional Greek and Slavonic Bibles, as well as books used by Roman Catholics, such as Judith and Tobit.

5 For we know that if the earthly dwelling we live in is destroyed, we have a building from God, a house not made of hands, eternal in the heavens. 2 For we groan, longing to be clothed with our heavenly dwelling—3 if indeed we have taken it off4 we will not be naked. 4 For while we are still in this body we groan under our burden, because we wish not to be unclothed but to be clothed, so that what is mortal will be swallowed up by life.

TYNDALE NEW TESTAMENT

Translating directly from the Hebrew and Greek scriptures, William Tyndale produced a New Testament of enduring quality that became the foundation of successive Bible translations in English from the 16th century to the present day, including the King James Version.

This edition presents Tyndale's 1534 revision, showing the variants from his original 1525 edition. An introduction by Isaac Foot describes both the huge religious and cultural impact of this text and the importance of the revisions Tyndale made to his own works.

SCHOLARLY EDITIONS

AUTHORISED VERSION (KJV OF 1611)

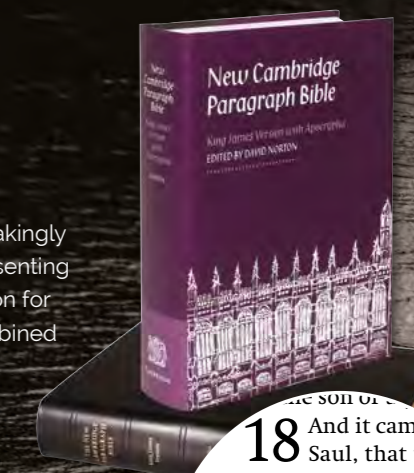

The original text of the 1611 KJV is rarely seen, as most editions are based on revisions of the text made by printers and editors over the following decades. In 1909, Cambridge scholar William Aldis Wright represented the original text of the first edition, showing its variations from the second edition also printed in 1611. The text is presented in a single column, with notes and references in the margin. The edition includes a list of variations between both 1611 printings – a feature that no conventional facsimile can offer.

18 And it came to pass, that the son of David and Jonathan loved him, and would let him go into his father's house. And Jonathan stripped himself of his armour, and gave it to David, and he bowed, and to his girdle. And David went out from the presence of Saul, and he himself wisely: and Saul saw that such should be done, and he said, 'How should I do this thing unto thee? This thou shalt do unto me, thou shalt be my son-in-law.'

NEW CAMBRIDGE PARAGRAPH BIBLE

In this ground-breaking edition of the King James Version, David Norton painstakingly collated the established text of the KJV with the Translators' original notes, presenting the text as they intended it, but with consistent modern spelling and punctuation for ease of use. He introduced an innovative new paragraphing system which combined with the single-column format, makes this Bible a joy to read.

MARKETING – NORTH AMERICA

Cambridge University Press is the oldest Bible publisher in the world, with a unique heritage and tradition that none can match.

The first Cambridge Bible was printed in 1591 – a 'Geneva Bible', the Bible of Shakespeare, Bunyan and the first English settlers of America – and we have been publishing the Bible ever since.

Over four centuries on, we still strive to produce Bibles of the highest quality, in a variety of versions, editions and binding styles.
